

### Our Group

Foundation: 1972  
Equity (€ million): 283  
Customers (#): > 30,000  
Contracts (#): > 120,000

### International

With over 400 employees, we offer our customers and business partners a professional network with international service and products on a local level. The UK market is covered by our affiliate company PEAC (UK) Ltd.

### Our expertise in the financing business

Throughout Europe, medium-sized companies and corporations rely on our experience to keep their capital goods permanently up to date. We combine holistic financing solutions with exceptional asset expertise and thus support our customers and business partners in their own investments or sales financing programmes.

Across industry and national borders, we develop solutions for companies that want to conserve their liquidity and seek financing with precisely calculable costs.

### PEAC: Pan-European Asset Company

#### Our business strategy is based on three segments

- Sales financing
- Corporate clients
- Transport & Logistics

#### Our uniform IT platform supports the expansion of our business model

All three segments benefit from the advantages of the group-wide LISA IT platform and enable a high degree of individualization to meet the needs of our customers and business partners. In addition, our customers and business partners throughout the Group benefit from high service quality thanks to homogeneous and efficient IT-supported processes.

#### We work on an international level

We offer our customers and business partners a professional network with international service and products on a local level.

### Shareholder background

An investment fund managed by HPS Investment Partners, LLC (HPS) acquired 100% of the shares in the former IKB Leasing Group in February 2018. The name change to PEAC Finance took place in June 2018.

HPS is one of the world's leading investment firms, managing an asset portfolio of over € 55 billion. The investors are almost exclusively institutional.

HPS actively supports the growth strategy of PEAC Finance.
